Quantity per case

12 **bottle(s)**

Minimum lot for order

10 **case(s)**

Expiration date and storage temperature

Normal

Retail price in Japan *excluding tax

1,090 JPY

Place of production/processing

Oita-prefecture, Japan

Ingredients and food additives

Barley(Domestic)、 Barley mold、 Hita Tenryosui water called "Naturally active hydrogen water"

Selling point

Oita Barley Shochus Prepared with "Hita Tenryosui called Natulal active hydrogen water." We use approximately three times the volume of the product bottle of "Hita Tenryo Water" in all processes - from the preparation water to the dilution water- with no activated carbon to create these barley shochus that have the sweet fragrance and mellow flavor inherent in barley.

Flavor

Sales season
